

REMARKS

Claims 1–8 are pending in the application. In the Notice of Allowability dated September 29, 2010, claims 1–8 were allowed.

Applicants subsequently received a Notice to File Corrected Application Papers dated November 10, 2010 that set out certain inconsistencies between the specification and drawings of the allowed application.

Responsive to the Notice, Applicants have amended the specification to provide Figure captions for new figures 13–16, as required. A copy of the Notice to File Corrected Application Papers is enclosed.

Applicant believes that the application is now in condition for issue. Accordingly, Applicant respectfully requests that upon submission of the appropriate issue fee the Commissioner issue the application as a patent.

Please charge any additional fees required, or credit any overpayments, to our Deposit Account No. 11-1540. If the Examiner has any questions, or if a telephone interview would in any way advance prosecution of the application, please contact the undersigned agent of record.
